

# SKILLS DEVELOPMENT FACILITY (SDF) AWARDED GRANTEES

## Background:

Skills Development Facility (SDF) is part of the \$100 million Uganda Skills Development Project (USDP) which is a Government of Uganda Project funded by the World Bank, implemented by the Private Sector Foundation Uganda. The SDF aims at promoting employer-led short term training in order to address prevailing skills imbalances and shortages in Uganda. An important element of the initiative is to facilitate collaboration between training providers and industry to promote demand driven skills development with special attention to innovative modes of training. The Facility initially focused on three sectors; Agriculture, Construction and Manufacturing, including auto mechanics, and later, additional three sectors were added i.e. Transport and Logistics, Information and Communication Technology (ICT) and Tourism and Hospitality. SDF is implemented through a Grant Facility mechanism that is co-financed by the private sector through a matching grant contribution, and support training activities that lead to improved productivity and competitiveness in the formal and informal sectors. This requires strategic partnerships between firms, service providers and industry associations. The focus is on short-term, practical and technical training of employees (including business skills for the informal sector) ranging from few days to not more than six months. The actual executing of the training must not exceed one year. SDF is supporting both the formal and informal sectors. Below is the list of the additional organisations in the informal sector (Window 2) whose grants have been approved. This batch concludes all applicants that submitted their applications in 2017.

## WINDOW 2- 1ST CALL (LAST BATCH)

S/N	Name Of Applying Organisation	District	Sector	Awarded SDF Grant (Ushs)	Number of beneficiaries
1	Halleluya Youth Group	Kampala	Manufacturing	21,000,000	30
